PACKAGING RIBBON

15

Every year Papillon develops a new ribbon collection that helps its clients achieve the expression and presentation of their own packaging ideas. Ribbon is a delightful and versatile product to accessorize and package your retail products, whether it is for home decor, cosmetics, gift baskets supplies and gourmet foods, wedding and event planning, or stationery. Our expert in-house designers are knowledgeable of color coordination and design trends within the Packaging Industry, so they can help you distinguish your product from the rest. A sales representative will work closely with you in assisting, advising and realizing the perfect ribbon for your unique product.
